- h) Read the following passage and answer the questions that follow any four.
- Happiness defies definition. People equate happiness with fun, money, and living luxurious life. In fact, happiness is not the synonym of fun. People despite living a very luxurious life, are not often happy. Watching movie, going shopping, and meeting friends may be a part of fun but not necessarily happiness. Fun activities gives us fleeting moments of relaxation and enjoyment while happiness is a much stronger, deeper, and abiding emotion. True happiness comes out of work and by doing some worthwhile things in life. Work gives us satisfaction and self-confidence which ultimately gives us happiness. Way to happiness is rocky and very tough. Hence, work is the key to happiness.
